GERMANY'S PAPER TRADE.

Present Panic Principally Affecting Great Grain Warehouses to Replace Publishers of Newspapers. Consul Thomas Ewing Moore, at Weimar, reports to the State Department: The existing panic in the German paper

trade and present high prices of paper, especially printing paper, which have reress, principally affects the newspaper ublishers, who cannot transfer, at a mogeneral public. That there was no real ground for the enomous rise is proved by the fact that paper manufactories have declared most satisfactory dividends dur-

ing the last few years.

"Statistics show that the German paper industry is not in bad condition. Taking only the three chief kinds into consideration, we find that the imports of paper into Germany during the first three-quarters of 1900 approach to 1201 tops of 1900 approach to 1900 ers of 1900 amounted to 1,201 tons, valued at \$247,116, against 1,096 tons, valued at \$227,052, during the same period of 1899— an increase of 9.5 per cent in quantity and 8.1 per cent in value. Of the total import, 487 tons (40.6 per cent) came from France, 217 tons (17.2 per cent) from England, and 195 tons (16.3 per cent) from Austria-

Bank.

"The exports of German writing, drawing, and printing paper amounted, during the first three quarters of 1900, to 28,925 tons, valued at \$2,047,038, against 24,004 tons valued at \$1,717,122, during the same period of 1899; showing an increase of 49.5 per cent in quantity and 19.2 per cent in value. The difference between these two percentages may find its explanation in the fact that the most essential kinds of paper have shown a greater increase in export, and that perhaps the present highexport, and that perhaps the present high-reprices were not taken into account by the appraising officers.

"The largest buyer of German paper is

"The largest buyer of German paper is England, which bought 10,272 tons (35.5 per cent) of the total export during the first three quarters of 1900. Further may be mentioned Holland, with 3,225 tons (11.1 per cent); Brazil, 2,727 tons (9.4 per cent); Argentine Republic, 2,587 tons (8.9 per cent); Japan, 1,663 tons (5.7 per cent); United States, 613 tons (2.2 per cent), and Chile, 610 tons (2.1 per cent); after which follow with smaller quantities Australia, Uruguay, Denmark, Sweden, and Switzerland.

during the first three quarters of 1900 was 27,723 tons, valued at \$1,801,422. In view of the high price of printing paper, there seems to be a tendency to make a corresponding increase in the subscription prices of newspapers. The present duty on paper imported into Germany is \$23.80 per ton. The manufacturers are said to wish this duty increased; their opponents, however, declare that the duty should be entirely abolished. Should the latter prevail a splendid field would be opened up for United States paper manufacturers."

THE PREMIUM PAID TOO LATE.

A Life Insurance Company Disclaims Liability on a Policy.

NEW YORK, Jan. 25.-James C. Pear son, President of the Pearson Nail Company, of Boston, applied last December to this city for insurance for \$240,000 ca his life. Three physicians examined him for the company, and pronounced him physically sound and healthy. Mr. Pearson was informed that the insurance would

at once. On Monday, January 7, a lawyer from Boston appeared at the New York office and paid the premium and the policy

On Thursday, three days later, the com-pany received notice that Mr. Pearson had died in the Eliot Hospital, in Boston. that day, after an operation for appendicitis. The operation had been performed in the hespital two days before. Investigation showed that at the time the premium was paid here Mr. Pearson was in the hospital under treatment, and the operation had been practically decided on

submitted payment was promptly refused. The company disclaims liability on the

(the contract) shall not take effect until

the first premium shall have been paid Juring my continuance in good health." THE ONLY WITNESS INSANE.

Against a Wilkesbarre Man.

WILKESBARRE, Pa., Jan. 25.-The culy witness against Ralph J. White, who will be tried for murder next week, has gone insane, and has been taken to an asylum. It is believed his case is hopeless. He is James White, the nephew of the accused murderer, and his insanity was caused by the wound that his uncle inflicted when he killed his other nephew. Josiah White, and by the fear of going on the stand and testifying against his uncle. He believed his testimony as the only wit-uess to the shooting might result in the conviction of his uncle. This thought preyed upon his mind. The

climax came on last Monday, when he was ordered to report to court next Monday for the trial. Young White has been acting strangely for some time and this made him much worse. Vesterday his relatives, alarmed by his actions, called on the poor authorities to take charge of the case.
They found that White was violent and
they took him to the asylum last night.
To further complicate matters the accused man in jail is losing his mind and written some wild letters to the

GIBSON'S FLIGHT CHECKED.

The Alleged Bribe Offerer Arrested En Route to Canada.

INDIANAPOLIS, Ind., Jan. 25 .- J. E. Gibson, a building contractor of Logansport, was taken into custody yesterday while attempting to make his escape to Canada, and is now en route to Jackson Miss., where he is under Indictment for trying to bribe the Governor of that State.

Gibsen submitted a bid for the erection of the new capitol building at Jackson, and while the matter was pending sought out the Governor and offered him \$5,600 to use his influence in awarding the con-tract to the Gibson firm. The Governor caused his arrest and he was placed under

bonds.

He came here and tried to get a pledge from Governor Durbin not to honor a requisition, but the executive gave him no encouragement. Wednesday he transferred his property at Logansport and started to Canada, but detectives had been shadowing him, and he was caught at Detroit.

STRUCK A RICH GOLD LEAD.

A Three-Foot Vein of Ore in a Tun nel Under Pike's Peak.

COLORADO SPRINGS, Col., Jan. 25 .-The first gold strike of any importance ever made on Pike's Peak is the one just discovered in the tunnel of the Oil Creek Mining Company, of Cincinnati. The mountain has been prospected for years, and is supposed by many to be the start-ing point of the rich leads found in Crip-ple Creek, but surface work has never dis-closed any ore closed any ore.

By running a tunnel into the very heart of the mountain, however, the Oil Creek Company has opened a three-foot vein of \$50 ore and pockets carrying fabulous The tunnel is now 900 feet under Pike's Peak.
